Let's Articulate, Align and Unite and promote excellence in our Orthopaedic Nursing!

We invite you to share your experiences with us - whether it's research, clinical innovation, an improvement initiative, collaboration, consumer experience or an interesting case study.

Our theme - 'Let's Articulate, Align and Unite' can be taken literally (as in it's reference to bones, joints, orthopaedic injuries and surgery etc) or figuratively (as in sharing and collaborating).

We value your input and look forward to hearing from our colleagues in Australia, New Zealand and also our overseas colleagues.

Submission is available via our online portal, in which you can save components in draft form and complete at a later date. Please follow the Step-by-Step guide and then ensure it is completed by 22nd May to be considered for inclusion in the conference.

All submissions will receive feedback on the outcome of their abstract in the early stages of Early Bird Registration, which opens in May.

**We look forward to welcoming you in Perth in October
2017!**
